## Personal Profile

---

Date of Birth : 21.2.2001  
Age : 22  
Gender : Male  
Address : West Ywama, Insein, Yangon.  
Marital Status : Single  
Height/Weight : 5'5''/ 90Lbs

## Personal Statement

---

I am third year student studying distance in psychology at West Yangon University. I started working as an assistant IT technician in the IT department at YERIM Interior & Construction Co.,Ltd. I am huge interested in Programming and Coding. So I had started learning Web(Front-end) and preparing to learn Web(Back-end) and other programming languages in the coming future. I am self-directed person so I studied from freecodecamp, SOLO Learn and W3 School by myself and still improving myself.

Started working at the young age isn't easy for me but it gives me experience and motivation how to build self-esteem, implement and handle the issues and analyse and solve the problems. I am willing to have a good communication with the team and eager to learn the real working software development experiences.

## Certifications
